

Glass Cloth Silicone Adhesive Tape

Product No.:MAT06
 MAT06100160S/MAT06100200S

Q-MANTIC® Glass Cloth Silicone Adhesive Tape is made of glass cloth as its base material, which is coated with the pressure-sensitive organic silicone adhesive.

Features

- Fix the circuit board tightly in SMT process. Peeled off easily after using and can be recycled.
- It can be easily peeled off from backing plate of assembly line after double sides adhesive tape is used.
- Both base material and adhesive have excellent heat resistance.

Characteristic

Property Name	General Table of Properties
Basic Thickness (μm)	100
Adhesive Thickness (μm)	80
Total Thickness (μm)	180
Length (m)	30
Adhesive Strength (N/25mm)	6
Elongation (%)	5
Tensile Strength (N/25mm)	380
Max Temperature (°C/30min)	180
Storage	20°C 65% R.H

Application

- It is suitable for electroplating, high temperature baking varnish and powder coating.

Packing and Storage

- Min. slitting width: 3mm
- Core ID: 1" /1.5" / 3"
- Storage: Keep in room temperature. Remove package before use. Recommended for use within 6 months
