

## Glassfiber Adhesive Tape

### Product No.:MAT09

Q-MANTIC® Glass-fiber Adhesive Tape is made of high strength composite material of glassfiber, which is coated with high-temperature resistance. The adhesive tape shows excellent adhesion and strength, flexibility and outstanding resistance to high temperature.

### Characteristic

Property Name	General Table of Properties
Base Material	High strength composite material
Adhesive	Synthetic rubber
Basic Thickness (μm)	100
Adhesive Thickness (μm)	160
Width (mm)	2-980
Length (m)	50
Adhesive Strength (N/25mm)	12
Elongation (%)	4
Tensile Strength (N/25mm)	1000
Break-down Voltage (KV)	5

### Application

- It is applied for protection in soldering iron.

### Packing and Storage

- Min. slitting width: 3mm
- Core ID: 1" /1.5" / 3"
- Storage: Keep in room temperature. Remove package before use. Recommended for use within 6 months
